**M**assachusetts, with more than 1,900 miles of coastline, offers some of the finest saltwater fishing in the country. The diversity of marine habitats supports what was once one of the richest fishery resources in the world. Long famous for record-sized striped bass and giant bluefin tuna, the waters of the Commonwealth contain a variety of other highly prized fishes including flounder, cod, bluefish, tautog and scup. Countless tiderips, beaches, embayments, bridges and jetties provide unlimited fishing opportunities for boat and shore-based anglers.

Launching sites, tackle shops and charter and party boats are available along Massachusetts' entire coastline to accomodate the resident and visiting fisherman. This booklet is a guide to these activities. Hopefully it will contribute to the success and enjoyment of your fishing trip.

The information in this guide was compiled by the Division of Marine Fisheries. While every effort was made to gather a complete list of Massachusetts marine sportfishing facilities, it was not possible to get adequate information about all of them. The owners or managers of unlisted facilities are urged to contact the Division of Marine Fisheries to insure they will be included in future editions. Write or call: **Massachusetts Division of Marine Fisheries**, 100 Cambridge St., Boston MA 02202, (617) 727-3193

# Fishing Derby

## Massachusetts Saltwater Fishing Derby Rules and Regulations.

*Sponsored by the Massachusetts Division of  
Marine Fisheries.*

---

DMF will acknowledge catches of outstanding saltwater gamefish that meet certain requirements. Eligible species and minimum qualifying weights are listed on the opposite page.

At the end of each Derby year, trophies will be awarded to anglers who landed the heaviest fish in each species category. Winners will be chosen in three divisions--men, women and junior (age fifteen and younger).

The Derby runs from March 1 through November 30 each year and is open to all age groups. Fish entered must be caught in a fair and sporting manner on hook-and-line and must be measured and weighed at an official weigh-station on a certified scale. Weighmasters can be found at most local marinas and tackle shops.

To enter, simply fill out the official affidavit form in the center of this booklet and have it certified at a weigh-station. Please write clearly and provide all the information requested. Affidavits which are illegible or incomplete cannot be accepted. Mail affidavits to:

**Massachusetts Saltwater Fishing Derby**  
P.O. Box 8066  
Boston, MA 02114

All entries must be postmarked no later than December 10.

Special awards are offered for new State records. If your fish is heavier than the weight listed as a current Massachusetts Gamefish Record, you may qualify for a special award. All weigh-stations have a current list. When applying for a new State Record, your affidavit must be accompanied by a clear photograph of your catch with your name, address and telephone number printed on the back.

## **Licenses**

With the exception of tuna permits, Saltwater licenses are generally not required for sportfishermen in Massachusetts. The sale of fish, however, does require a license from the Division of Marine Fisheries. To obtain an abstract of marine fishing laws or other information concerning the Massachusetts coastal fishery, contact DMF at the above address.

## **Boat Registration**

Contact the Division of Environmental Law Enforcement, 100 Nashua St. (617) 727-3900.
